MEMORANDUM FOR: ~~The Vice President~~  
Secretary of State  
Assistant to the President  
for National Security Affairs

SUBJECT: Publications Relating to Venice Summit

25X1

[REDACTED]

One of these is a Special National Intelligence Estimate  
on the State of the Western Alliance. [REDACTED]

25X1

[REDACTED] It  
also represents a new effort to produce National  
Intelligence Estimates in a timely manner on subjects  
of current importance rather than relegating the NIE  
to long-term and continuing problems only. If this  
is useful, I would always be pleased to know topics  
on which you would like a Special NIE crashed out. [REDACTED]
